

New UTC in Sheffield

Curtains and roller blinds

Project		Solution	
<p>UTC Sheffield is a new £9.9m college serving 14-19 year old students within the catchment of the city centre.</p> <p>It specialises in advanced engineering, manufacturing and creative and digital media.</p> <p>The architects required a robust blind system to most windows to control light and glare and blackout curtains and room dividers to specific classrooms.</p>		<p>Dearnleys supplied and installed the Astralux 3000 roller blind system with a flame retardant dim-out fabric.</p> <p>Powder coated aluminium tracks were used for window curtains and for room dividers. The tracks were fitted with roller gliders to ensure ease of use with the curtains.</p> <p>The curtains were made using a durable flame retardant black-out fabric.</p>	
Benefits		Details	
<ul style="list-style-type: none"> • Effective control of light and glare to provide a comfortable working environment • Proven, robust roller blind system • Extremely durable track system for curtains • Low maintenance solutions 		<p>Products:</p> <p>Architect:</p> <p>Contractor:</p>	<p>Astralux 3000 roller blind system.</p> <p>Fitted with Dim-out fabric 200 nbr manual operation</p> <p>Curtain tracks/room dividers FR blackout curtains</p> <p>HLM</p> <p>Wates Construction</p>
