

## **Production Operative:**

To join a dedicated Production department, manufacturing bespoke blinds and cubicle/curtain tracks to a high-quality standard.

Key requirements of the role include: -

Carrying out any necessary calculations, ensure accuracy and maximise use of materials wherever possible.

Prioritise work as directed by your manager.

Ensure all goods are manufactured, labelled and ready for installation teams at the end of each day.

Help with deliveries and collections including loading/unloading booking goods in/out.

Monitor stock levels and place order requisitions as appropriate.

Ensure production areas and machinery is kept tidy, safe and in good working order.

Applicant must be punctual, hard-working and willing to work as part of an established production department.

Previous shop floor experience is preferable however full training will be provided where necessary.

Maths and English qualifications preferable.

Working hours are 7.30am – 4.30pm, Mon-Fri, with scope for overtime.

Salary to be agreed based on experience.

Applicant would also participate in a bonus scheme which pays quarterly and annually subject to company performance.
