

Installation Operative:

To join a dedicated Installation department, installing bespoke blinds and cubicle/curtain tracks across the country. Practical skills are essential with the use of power tools a key part of the role.

Previous experience of construction site working is preferable and a valid CSCS card would be ideal however full training will be provided where necessary.

Applicant must be punctual, reliable, professional and have a positive and practical approach. Must be willing to learn, solve problems and be committed to ensuring installations are completed on time and in full.

Maths and English qualifications preferable.

A full UK driving licence is essential.

Working hours are 7.30am – 4.30pm, Mon-Fri, with scope for overtime.

Working away and weekend work may also be required.

Salary to be agreed based on experience.

Applicant would also participate in a bonus scheme which pays quarterly and annually subject to company performance.
